

Women's Supportive Services (WSS) Program

For more information about WSS, call Iris House at (646) 548-0100

Support services are available to help women & families with HIV/AIDS lead healthy lifestyles.

The Women's Supportive Services (WSS) Program is specifically designed for HIV-infected women and their families who do not require intensive case management provided by COBRA. The WSS team at Iris House assists clients in ensuring a healthy lifestyle through assistance in finding housing, linking to entitlements, referrals to medical providers and support services.

- ☞ The WSS program also conducts several support groups:
 - ☞ Sister-to-Sister
 - ☞ Women Over 50
 - ☞ Latinos Unidos

These groups meet at Iris House multiple times each week.

- ☞ WSS also provides treatment adherence education and support groups to help clients understand medication.
